

Les moments inestimables, ici dans Brillington :)

(the inestimable moments, here in Brillington)

Hi! I'm Anis Farahanim bt Abd Rahman, 18 years old and I'm the 'product' of Brillington School Leavers Program :D

My journey at Brillington started with the fluorescent lamp incident...HAHA..ok serious! I have no misgivings of joining this program because now I'd gain a lot of self-confidence to deal with others, speaking English. I repeat, ENGLISH. :D

Before I join this program, I'm capable of speaking English but not as fluent as after joining this program. And now, I've made myself proud that I can speak in English even to foreigners with high confident level. I repeat, HIGH CONFIDENT LEVEL. :D

I'd learn so many priceless things here in Brillington and I'm PLEASED that I was here. I'm looking forward to sign up Mandarin class in Brillington after this (ni hao ma? wo ai ni :D). I really hope that I can make it before I further my study somewhere out of KL, or maybe Malaysia.

Remercier à tous les professeurs dévoués pour tous les moments que nous avons apprécié ensemble. J (guess what I'm talking about) HAHA..

p/s : it means, thank you to all the devoted teachers for all the moments that we appreciated together :)

xoxo and lots more of x and o coming soon, :)
