

Memory lane of me in Brillington

Hello everyone !

I am glad to be in this program because almost everyone in the program had helped me to use the English language more better.

My name's Anis Najwa Azizan. I was born in Kuala Lumpur on 17 September 1992 and now I am already 18 years old. I feel uneasy around certain people who can speak well in English language before I registered myself as a student of Brillington.

I have gained an extensive knowledge from all the tutors especially Mr. David. Before I joined, I have a lack of confidence. I had been trying to communicate with others in English language but I feel my English language is so bad. But now, I have learn how to speak with confidence when facing the public, especially tourist who need me to communicate in English. So now, my communication skills improves.

Brillington's teachers are very friendly and they always want to help their students. I would like to thank all the teachers who have helped me since the first day of classes which is on January 13 until my last my class on March 31. I am satisfied with all the facilities available here since it also helped my learning.

Once again , I am thankful to all those involved in helping me. I am grateful and I truly appreciate your excellent teachings

THANK YOU BRILLINGTON !
