

Assalamualaikum and greetings to all, my name is Mohd Amir bin Mohd Asmadi. I live at Taman Melawati and I school at MJSC Pontian. For the Introduction of my testimonial, I want you all know that my ability to speak in English is not good enough and I need help to improve my personal performance. For that, I would invite who ever has this kind of problem to join Brillington Language Centre to solve this problem.

For the first impression I hear 'Brillington...Wow, I feel really excited because I going to meet all the people who have their own talent in speaking English and my feelings are true when I meet Miss Sabrina and Mr. David. They can speak very well and perfect for me. That is my target for the end of the class.

In the class, I meet a really handsome teacher name Sir Assad. At that moment, I was really nervous and full of shy to speak in front of the others. I had been involved with many creative activities which encourage me to talk to the public. After about 3 classes, I can feel the differences in my communication. I have high confidences and start to have interest in this language. All the aspects such as voice throw, body language and speech been thought well there and I am really satisfied with the way of his teaching techniques.

For the climax activity that really gave me a big impact on all the knowledge I had learned at Brillington is the Field Trip to KLCC. I had implemented all the skills to interview the foreigners and it's was really exciting when we can communicate very well with them. All the experiences I got from Brillington Language Centre will I use it in my life. I wish to thank all the Brillington teachers and friends who have given me the enthusiasm and motivation for me move ahead towards success.

Thank you,

Mohd Amir bin Mohd Asmadi ~2010~

'I really miss all the Brillington teachers and friends'.
