

Hi! My name is Nurul Ashikin Rahmat and I attended the School Leavers class. To me, learning in Brillington is so much fun because I can meet new friends and learn in a different way. Our tutor, Assad is very helpful and fun.

Before this, I didn't realize that I can debate and do public speaking in English but after attending this class, I gained more self-confidence and can talk fluently in English. Now I don't feel shy if my English is bad while talking to people, because to me, we should learn from our mistakes. Last but not least, I really enjoyed learning in Brillington!
